SECTION A - SOLICITATION/CONTRACT FORM

What is the DOD EMALL?

The DOD EMALL is an Internet-based e-Commerce purchasing / ordering website for Military and Federal customers. The website at <https://dod-email.dla.mil> offers millions of off-the-shelf items from the commercial marketplace and Department of Defense sources. DOD EMALL allows customers to make purchases using Military Standard Requisitioning and Issue Process (MILSTRIP), Federal Standard Requisitioning and Issue Process (FEDSTRIP), or Government Purchase Card (GPC). The DOD EMALL website is available 24-hours a day, 7 days a week.

Solicitation

This is a Multiple Award Schedule (MAS) for logistics items supporting Military and Federal customers. Vendors must be able to demonstrate that there is a need for the items offered and that historical sales justify placing the items on contract.

It is the Offeror's responsibility to exclude the following from the offer and associated catalog:

- Mandatory source items: Items that compete with AbilityOne and UNICOR (see FAR 8.602 and 8.700 Policy, and FAR 8.603 and 8.704 Purchase Priorities)
- Non-commercial items (See FAR Subpart 2.1 – Definitions, "Commercial item")
- Non-DLA Type Items (See Section B)
- Items requiring government source inspection
- Services
- Surplus items
- Ammunition
- Tires (TACOM managed)
- Items not in accord with the Berry Amendment (see 10 U.S.C. 2533a and DFARS 225.7002-1), Buy American Act (see DFARS 252.225-7007), and Trade Agreements Act (see DFARS 252.225-7021)
- DLA Stocked NSNs if known to the offeror

Offerors are cautioned and reminded that ALL components must be of domestic origin in compliance with clause 252.225-7012, Preference for Certain Domestic Commodities (DEC 2008) (10 U.S.C. 2533a).

Offers failing to comply with the exclusions above will be rejected. Offerors may re-submit a corrected offer as long as the solicitation remains open.

All responsible offerors submitting acceptable offers, in good standing with the Government and offering items at fair and reasonable prices, are eligible for award. Individual delivery orders will be placed based on the DOD EMALL customer's determination as to the best value/lowest overall price alternative.

Products identified on the AbilityOne Procurement List are **required** purchases for Military and Federal customers. **The Committee is responsible for determining the fair market prices of AbilityOne products.**

AbilityOne Authorized Distributor Program

 - b. Grants more favorable discounts or terms and conditions than those contained in the commercial catalog, pricelist, schedule or other documents upon which contract award was predicated; or

Price Adjustment - Failure to Provide Accurate Information

1. The Government, at its election, may reduce the price of this contract or contract modification if the contracting officer determines after award of this contract or contract modification that the price negotiated was increased by a significant amount because the contractor failed to:

 - (c) Disclose changes in the contractor's commercial pricelist(s), discounts or discounting policies which occurred after the original submission and prior to the completion of negotiations.
2. The Government will consider information submitted to be current, accurate and complete if the data is current, accurate and complete as of 14 calendar days prior to the date it is submitted.
3. If any reduction in the contract price under this clause reduces the price for items for which payment was made prior to the date of the modification reflecting the price reduction, the contractor shall be liable to and shall pay the United States—
 - (a) The amount of the overpayment, and;
 - (b) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the contractor to the date the Government is repaid by the contractor at the applicable underpayment rate effective each quarter prescribed by the Secretary of Treasury under 26 U.S.C. 6621(a)(2).
 - (c) Failure to agree on the amount of the decrease shall be resolved as a dispute. \

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American

Act. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) Are, are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(2) Outside the United States.

(Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) (iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(1) *Taxpayer identification number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701).* (Not applicable if the offeror is required to provide this information to the SAM database to be eligible for award.)

SECTION L - INSTRUCTIONS, CONDITIONS, & NOTICES TO OFFERORS OR RESPONDENTS

The DOD EMALL Contracting office evaluates offers in the order in which they are received. However, priority may be given to processing certain offers when circumstances dictate, to include but not limited to when a federal agency specifically requests an expedited offer review in order to meet a pending or emergent requirement, or other DOD or federal customer needs.

Do not alter the solicitation or required attachments in any manner. Changes, deletions, or additions to the document, other than required fill-in information, may result in the rejection of the offer.

In order to fully evaluate an offer, all elements of the solicitation must be completed. You should pay close attention to the requirements noted below. Failure to provide any element of these requirements may result in rejection of your offer as substantially incomplete or insufficient to evaluate.

Announcement regarding CCR, ORCA and EPLS

The Government is in the process of transitioning to the System for Award Management (SAM), which is a new system that will combine multiple individual federal procurement systems currently used into one single-entry point system. Offerors are required to utilize SAM in place of the old systems such as the Central Contractor Registration (CCR), Excluded Parties List System (EPLS), Online Representations and Certifications Application (ORCA), etc. Offerors must ensure CCR registrations and ORCA database representations and certifications are current, accurate, and complete. The web address for SAM is www.sam.gov.

www.acquisition.gov – This site links you to all sites prospective offerors might need (SAM, e-SRS, FedBizOpps).

When submitting an offer, the following requirements must be met:

1. Complete and submit all required documents, to include the SF 1449, contractor certifications and representations and/or ORCA/SAM equivalent, and other documents where applicable (e.g. Letter(s) of Supply/Commitment, Agent Authorization Letter, subcontracting plan, etc.)
2. If you are not the manufacturer of the product(s) you are offering, an acceptable Letter of Commitment/Supply must be provided. Failure to provide acceptable Letters of Commitment/Supply may result in rejection of the offer as non-responsive. **See Letter of Supply template for required language.**
3. In accordance with FAR 4.102(e), you must provide an Agent Authorization Letter if you have authorized an Agent/Consultant to act on your behalf. **See the Agent Authorization Letter template attachment.**
4. If you are classified as other than small business (or are owned by or affiliated with a large business), your offer will be valued in excess of \$650,000 for the basic contract period. **Therefore, a Small Business Subcontracting Plan MUST be submitted with your offer.** See the Small Business Subcontracting Plan attachment for a sample format for the plan. Failure to provide an acceptable Subcontracting Plan (if required) may result in rejection of the offer as non-responsive. Questions concerning subcontracting plans must be directed to the DOD EMALL Contracting office at: ContractsSupport@dla.mil.
5. Reference Section B of the basic Solicitation, VENDOR CATALOG FOR DOD EMALL, the offeror's catalog is a price list of commercial items following the Required Data Elements format for upload available via request to: ContractsSupport@dla.mil. The catalog includes such information as offeror pricing, discounts, manufacturer and catalog part numbers, item descriptions, number of days to ship, and NSN information where known. All pricing shall be FOB Destination and include the applicable transportation cost. The offeror must describe the basis or methodology for determining how prices in its catalog were established. This information may include, for example, evidence of prices on a GSA schedule held by the contractor, evidence of commercial sales at the prices quoted, invoices from vendors, and the overhead and profit factors added by the contractor to derive the catalog price.

Pricing may be set up in incremental ranges or quantity price breaks. DOD EMALL encourages the use of quantity discounts. Quantity price breaks can be included in your catalog spreadsheet, for example:

1 - 09 = \$1.00,
10 - 24 = \$0.90,
25 - 99 = \$0.75
Etc.

Prices shall include any applicable transportation and handling costs (e.g. overhead, profit, etc.).

Regional Pricing – Vendors may set regional prices based on the shipping destination defined by the Postal ZIP Code or country code. Different prices can be shown for different “ship to” destinations.

Regional Catalogs – Vendors may limit an item’s availability to a particular region based on the customer’s ship to destination.

If special catalogs or price lists are printed for the purpose of this offer, such descriptive catalogs or price lists shall include a statement indicating the special catalog or price list represents a verbatim extract from the contractor’s commercial catalog and/or price list, and identify the descriptive catalog and/or price list from which the information has been extracted.

6. If you are offering products which require Hazardous Material Identification and Material Safety Data Sheets, see FAR 52.223-3 HAZARDOUS MATERIAL IDENTIFICATION & MATERIAL SAFETY DATA (JAN 1997)DFARS 252.223-7001 HAZARDOUS WARNING LABELS (DEC 1991) in the Basic Solicitation and ensure the applicable representations and certifications are complete, to include the submission of Material Safety Data Sheets (MSDS) and Hazardous Warning Labels (HWL) where applicable.

General Information:

1. If your firm previously held an EMALL contract that was cancelled, terminated, or otherwise expired due to marginal sales and/or delivery order activity, you must submit a marketing plan detailing the steps you plan to take to generate sales through a new EMALL contract. A new offer for your company will not be considered until 12 months have lapsed from the effective date of the cancellation or expiration of the previous contract. Any offer submitted prior to the completion of the 12 month period will be rejected.
2. Reference Section B of the basic solicitation, VENDOR CATALOG FOR DOD EMALL, the AbilityOne Program is a federal procurement program which generates employment opportunities for individuals who are visually impaired or otherwise severely disabled, through the manufacturing or provisioning of products. The Javits-Wagner-O’Day (JWOD) Act (41 U.S.C. 46 – 48c) established the AbilityOne Program which is administered by the Committee for Purchase From People Who Are Blind or Severely Disabled (the “Committee”). Products identified on the AbilityOne Procurement List are **required** purchases for Military and Federal customers. **The Committee is responsible for determining the fair market prices of AbilityOne products.**

Offerors are encouraged to become authorized distributors of AbilityOne products. For more information on the AbilityOne Program, visit <http://www.abilityone.gov/distributors/potential.html> for more information and the application criteria. The point of contact at the AbilityOne Program is Mr. Eric Beale at ebeale@abilityone.gov or (703) 603-2119. Vendors that become authorized to distribute AbilityOne products must include the AbilityOne product offering under any resultant contract.

Certain products required through the DOD EMALL are considered “Essentially the Same” (ETS) commercial products as compared to the AbilityOne Procurement List products. Because the AbilityOne products are required purchases for Military and Federal customers, offerors shall remove ETS-type items from their offered catalog. The AbilityOne Procurement List can be viewed at http://abilityone.org/work_with_us/procurement.html. A listing of ETS-type items can be viewed at <http://www.abilityone.gov/distributors/potential.html>.

Contractors shall certify in writing that their offer contains no ETS-type items. All contractors are subject to a formal ETS review conducted by AbilityOne personnel.

3. Berry Amendment Compliance – The Berry Amendment is a statutory requirement that restricts, among other things, the Department of Defense (DOD) from using funds appropriated or otherwise available to DOD for the procurement of such items as food, clothing, fabrics, fibers, yarns, other made-up textiles, and hand or measuring tools that are not grown, reprocessed, reused, or produced in the United States. Due to the requirements of the Berry Amendment, DOD customers may not be able to place orders under any resultant contract under this basic solicitation for items not in compliance with the Berry Amendment.
4. Trade Agreements Act Compliance – Products offered in the catalog must comply with the Trade Agreements Act (TAA) where applicable. The Government will consider only offers of end products that are U.S.-made, qualifying country, or designated country end products (reference DFARS 252.225-7021). It is the responsibility of the offeror to determine TAA compliance. When evaluating offers, the contracting officer will rely solely on the representations and certifications of the offeror and will not make substantial transformation determinations.
5. A financial responsibility determination will be completed on your firm. Please ensure that your Dun and Bradstreet information is current, accurate, and complete. Financial documentation (e.g. Income Statement and Balance Sheet) from your firm's last 2 fiscal years may be required in order for the contracting officer to make a determination of your firm's financial responsibility.

SECTION M - EVALUATION FACTORS FOR AWARD

Evaluation Factors:

a) The contracting officer will perform price analysis using the techniques in FAR 15.404-1(b) to determine the price reasonableness of each item evaluated for pre-award price reasonableness determinations on new catalogs. However, if the contracting officer determines that information on competitive proposed prices or previous contract prices is not available or is insufficient to determine that the price is fair and reasonable, the contracting officer may use any techniques as appropriate to the circumstances applicable to the acquisition. The contracting officer may request additional information from the vendor to support the proposed pricing in order to assure the Government is obtaining the offeror's best price and that offered prices are reasonable.

b) Regional pricing will be reviewed by comparing the item base price plus reasonable transportation cost as evaluated by the USPS, commercial freight, or commercial shippers (e.g. Fed-Ex, UPS, etc.).

Evaluation—Commercial Items (Multiple Award Schedule)

a) The Government may make multiple awards for the supplies offered in response to this solicitation that meet the definition of a "commercial item" in FAR 52.202-1. Awards may be made to those responsible offerors offering fair and reasonable pricing, conforming to the solicitation requirements, and deemed most advantageous to the Government, taking into consideration the volume, variety, and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery requirements, and other pertinent factors. By providing a selection of comparable supplies, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
